Title: Petch - BSL2 Lab Renovation

Location: PCH 041, 041b, 041c

Description: Facilities Management and Aral Construction are renovating a research laboratory in Petch to align the space to Bio-Safety-Level 2 containment standards.

Preparation of floors and epoxy floor installation is required in the following spaces:

PCH 041, 041b, 041c

Some noise is expected during this time.

Work to occur in time frame noted below will be intermittent and may occur on weekends.

Although the spaces have negative air capacity and air is exhausted away from the building it is recommended adjacent spaces keep windows closed during time frame noted below.

We apologize for any inconvenience.

Time frame: Thursday September 24 – Friday October 2, 2026 from 7:00AM – 7:00PM.
