Title: BSL2 Lab Renovation

Location: PCH 213

Description: Facilities Management and Aral Construction are renovating a research laboratory in Petch to align the space to Bio-Safety-Level 2 containment standards.

Preparation of floors for epoxy floor installation is required in the following spaces:

PCH 213, 213 a/b/c

Some noise is expected during this time.

Work to occur in time frame noted below

Although the spaces have negative air capacity and air is exhausted away from the building it is recommended adjacent spaces keep windows closed during time frame noted below.

We apologize for any inconvenience.

Time frame: Monday September 14 from 11am – 2:30pm

Tuesday September 15 from 7am – 11:30am

Wednesday September 16 from 7am – 11:30am (this time slot may not be necessary as the work is likely to be completed by 11:30am on Tuesday September 15)
