Service Interruption – Potential Job Action at Canada Post

Although negotiations are ongoing between Canada Post and the Canadian Union of Postal Workers (CUPW), Canada Post has advised that potential service disruption could impact delivery times. Job action could begin as early as **May 22, 2025**.

Time Sensitive Mail

To avoid delays, please take note of the following:

- **Internal mail (inter-campus)** will **not** be impacted by job action.
- **External mail (mail leaving campus)** may be impacted. For **external mail requiring timely delivery**, Canada Post **strongly recommends** mailout **by May 9**.
- **After May 9**, UVic departments will need to **self-arrange** mailouts through a **courier of their choice**.

Time Sensitive Packages

To avoid delays, Canada Post has provided these additional recommendations:

Eastern Canada: Send out by **Friday, May 9**

Local (within B.C.): Send out by **Wednesday, May 14**
