Facilities Notice

Title: Petch Building – Temporary Generator Delivery

Location: Petch Building - Temporary Generator Locations (sketch attached)

Description: In order to complete electrical infrastructure upgrades to Petch Building, Facilities Management and Kinetic Construction will need to complete a series of planned power shutdowns which affect the entire building. Work has been carefully timed to minimise the disruption to occupants, and temporary power will be provided wherever possible.

The advanced notification is provided to enable you to plan activities for early 2018 with the shutdowns in mind. Further detailed notices will follow which will include precise timings and include details of which types of power will be shutdown.

Time frame: Phase I – Friday, January 19 @ 7pm – Sunday, January 21 @ 8pm (Building will have emergency power only)

Phase II – Tuesday, February 13 – Sunday, February 18, 2018 (Building will be powered by 1000kW generator)

Phase III – Monday March 5 – Friday March 9, 2018 (Emergency generator replacement)
