Title: New Service Building - Generator Delivery

Location: New Service Building (behind Saunders Complex)
Please see attached sketch for further information.

Description: Facilities Management and Perma Construction will be receiving, offloading and craning the new generator for this project, and installing it in place. The following impacts shall be occurring at that time:

1. Approximately ten (10) parking stalls in Lot 11 will be temporarily barricaded and be unavailable for parking, in order to provide maneuvering space for the delivery truck.

2. The delivery truck will be parked in the space in front of the fuelling station. Fuelling operations will not be available during this time, and vehicles on this day should be refuelled prior to 10:00am.

3. A large crane will be brought in, and will be temporarily parked at the location of the new wash pad north of the NSB. The wash pad will not be available for use during this period.

Time frame: Tuesday, January 30, 2018 – 10:00am to 2:00pm
