Title: PETCH Building – Phase II Power Shutdown – Breezeway Closures

Location: Petch Building – Walkways and grassed area on north side of PCH
(See attached sketch)

Description: As part of the Phase II Power Shutdown, Facilities Management and Kinetic Construction will be closing the breezeway and walkways on the north side of PCH building to facilitate material deliveries and craning operations from the PCH lower level electrical room.

During the closures, traffic control measures will be in place and pedestrians will be directed away from the work toward the entrances in the center of Petch Building.

Dates and times are listed below:

Thursday, February 8: 10:00am – 1:30pm: Temporary Generator delivery.

Monday, February 12 (5:00am) to Wednesday February 14 (5:00pm): A crane will be in operation, hoisting materials from the lower level main electrical room.

Tuesday, February 20: 8:00am – 12:00 Noon: Temporary Generator is picked up and removed from site.

Time frame: Thursday, February 8 to Tuesday, February 20, 2018
