Title: PETCH Building – Partial Building Closure, Crane Lift and Safety Zone
Location: Petch Building – Roof, walkways and grassed area on north side of PCH
Description: For the next phase of the roof mounted chiller plant installation, Facilities Management and Kinetic Construction will be hoisting the chillers and pump-house on Friday, April 6 and Saturday, April 7.

A safety zone will be created on Friday, April 6 from 1:30PM through 6:30PM on the north side of the PCH Breezeway to house the crane and two materials trucks. For safety reasons, the walkways on the north side of the PCH Building, and the east access to Cunningham will be closed during the hoisting of equipment. The affected areas are shown on the attached map.

To ensure the safety of all on Saturday, April 7 from 7:30AM through 6:30PM Petch level 0 all rooms 001 through 013, level 1 all rooms 101 through 107, and level 2 all rooms 201 through 207 will be closed. No one will be allowed to stay in the stated areas while the lift is going on. The affected areas are shown on the attached plans.

During the closures, traffic control measures will be in place and pedestrians will be directed away from the work toward the entrances in the center of the Petch Building (Friday), and to the north of the Cunningham Building. Periodic closures will take place throughout the activity, the affected areas are shown on the attached maps.

Time frame: Friday, April 6, 2018; 1:30PM to 6:30PM and Saturday, April 7, 2018; 7:30AM to 6:30PM
