Title: Balloon Study for Student Housing and Dining project

Location: Various locations near and around the SUB and Cadboro Commons

Description: As part of the Student Housing and Dining project, a Balloon Study will be undertaken to gauge the potential heights of buildings currently under design. A balloon will be raised above possible future building locations to determine how potential buildings would fit in with the UVIC campus and the surrounding community. The balloon will not be carrying a camera and will be photographed from the ground only.

The attached photo shows the size and shape of the balloon.

Time frame: Wednesday, May 16, 2018: 7:00 am to 4:00 pm
