Title: Bob Wright Centre – Hot Water Shut-Down

Location: Bob Wright Centre, Petch Building & Elliot Building

Description: Facilities Management and Mac’s Heating will be installing new hot water tanks and heat exchangers in the Bob Wright Building. This work will also impact hot water supply to the Petch and Elliot Buildings. Throughout this period handwashing, showers and processes will not receive hot water. Cold water supply and steam sterilization will remain unaffected.

Time frame: Friday, August 10 – Monday, August 20, 2018
*REVISED* Friday, August 17th – Monday, August 27th, 2018
