Title: Medical Sciences – Electrical Tie-in Panel B Room 006 Impacting Mechanical Room 012

Location: Medical Sciences Building (MSB) - Mechanical Room 012

Description: Facilities Management and Mac’s Heating and Houle Electric will be preparing power connection for a new hot water tank.

During this time the following systems may be impacted:

- Building greywater pump will be off-line toilet and urinal flushing will not be available.
- Mechanical room exhaust fans.
- Domestic hot water recirculation.
- Animal care facility humidifier.
- Controls system air compressor.
- Washer and dryer in room 016.
- During this time building heat will not be available.

We apologize for any inconvenience.

Time frame: Tuesday, September 18, 2018  8:00AM – 9:00AM
