Title: Building Condition Assessment
19-04328 2019 VFA Building Condition Assessment Update

Locations:
Technology Enterprise Facility
Enterprise Data Centre 2
Halpern Centre
Glover Greenhouse Facility
Campus Security
Chapel
Sewage Lift Station

Description: This scope of work is a high level condition assessment of the buildings noted above. It is part of a building inventory process undertaken by the Ministry of Advanced Education Skills and Training every 5 years.

Facilities Management and Accrue contractors will be conducting a visual inspection of most spaces within the building. Temporary access to spaces may be required.

Time frame: Inspectors may be visiting the spaces noted above on:
Thursday, February 6, 2020
Friday, February 7, 2020
Monday, February 10, 2020
