Title: 19-04363 ELW A127
Engineering Lab Wing – Power Shutdown – A-Wing

Location: ELW A-Wing – First Floor Level

Description: Facilities Management will be shutting down the power to the first floor of the ELW A-Wing in order to energize power to 3 new 220 volt outlets in room A127.

Please ensure that all computers and electrically powered equipment are powered off before leaving the building at the end of the day on Wednesday, February 12 in preparation for the early morning shut-down.

Time frame: Thursday, February 13, 2020 from 5:30 am to 7:30 am
