

## FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

---

<b>Title:</b>	Bob Wright Centre (BWC) – Building Heat Upgrades
<b>Location:</b>	BWC Mechanical Room; all building areas will be impacted
<b>Description:</b>	<p>Facilities Management and Apex Contracting will be performing building heat upgrades to improve capacity to heat at peak demand.</p> <p>The work will require a one day shut-down of the heating system. At the end of the day Wednesday, the building heat will be shut-down to allow the contractor to perform the work in a safe manner the following day, Thursday.</p> <p>It is advised to bring an extra sweater in case the building temperature is a little cooler than normal while repairs are being undertaken. We apologize for the inconvenience.</p> <p>Upon completion of the work Facilities Management will reinstate the heating late in the day. The heat will be fully functional by the time the work day starts Friday morning.</p>
<b>Time frame:</b>	Wednesday January 13 through Thursday January 14, 2021
