

FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

Title:	Petch 148 Laboratory Seismic Mitigation
Location:	Petch Building Room 148
Description:	<p>Facilities Management is working with CGI Constructors on the installation of seismic bracing of seven Bio-Safety Cabinets in Petch 148.</p> <p>They will be starting by reviewing this location prior to seismic installations. The review will involve scanning the floor slab under the units. The scanning will be Ground Penetrating Radar (GPR), not x-ray.</p>
Time frame:	Wednesday, February 3, 2021, 10:00 AM to 4:00 PM
