

## FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

---

<b>Title:</b>	Petch Building Seawater Tank Remediation – Fire Lane Impairment Project No. F03965
<b>Location:</b>	Petch Building – Rooftop and Mechanical Penthouse
<b>Description:</b>	Please be advised Facilities Management and Kinetic Construction will be working together to place two, new chillers on the Petch Building Rooftop. The project task involves impairing access on the fire lane for a limited amount of time during the execution of the work. A crane and transport truck will be parked on the fire lane in order to lift up to the rooftop. The project will be distractive to the adjacent areas intermittently during the work. Please use caution around the demarked areas, barricades and obey all safety controls.
<b>Time frame:</b>	Wednesday, February 24, 2021 -10:00 am to 1:00 pm approximately
<b>FMGT contact:</b>	Gord Shirley, Project Manager
