Title: Petch Building – Electrical Panel Shutdowns

Location: Petch Building – Level 2 – see table below for impacted spaces

Description: To assist Aral Construction with the Petch 246 BSL2 Lab renovation the Electrical Shops are required to shut down electrical panels per the following schedule. Power will be impacted to building spaces as noted below.

Please arrange teaching and research schedules around these time frames and make the necessary arrangements for protection of equipment and research materials. We apologize for any inconvenience this may cause.

NOTE: The Petch Building will be closed to occupants for the Saturday, January 15th panel shutdown.

Time frame:

Panel Identifier-Petch	Estimated Shutdown Duration in hours	Proposed Date and Time	Impacted Spaces in Petch
