

FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

Title: Bob Wright Centre - Environmental Assessment

Location: Bob Wright Centre (BWC) - Mechanical Room B024a, Electrical Room B501, B-Wing interstitial space between Floors 0 & 1, along with a portion of the roof - see attached drawings for details.

Description: Facilities Management (FMGT) is advising of an environmental assessment at the Bob Wright Centre. Minimal noise will occur to complete this work.

The consultant team completing the work will be wearing personal protective equipment (PPE) including Tyvek suits, gloves, safety eyewear, and respirators following all OHS regulations. This equipment is a standard requirement for all projects based on WorkSafe BC regulations.

We apologize for any inconvenience.

Time frame (REVISED): **Monday, January 9, 2023 - 7:00am - 9:00am** - Review of the interstitial space from access points without entering the interstitial space. No PPE will be worn during this site visit.

Tuesday, January 17, 2023 - 7:00am - 9:00am - Enter and assess all areas noted above with full PPE.
