Title: Engineering Lab Wing (ELW) Boiler Room Renovation

Location: Engineering Lab Wing (ELW) boiler room

Description: Facilities Management and Aral Construction are currently working on the renovation of the boiler room on the north side of the building. This weekend, work on the project will involve shut down of the heating system. There is no expected impact to fume hoods or compressed air. Fresh air will be maintained. Measures will be put in place to ensure building temperatures remain well above freezing temperatures. However, there may be a noticeable temperature drop in the building.

This work will begin in the morning and is expected to be completed by the end of the day. Please contact the Project Manager with any questions or concerns. We apologize for any inconvenience this work may cause.

Time frame: Saturday, January 28, 2023 from 8:00 am to 4 pm
