

FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

Title: Bob Wright Centre – Coring

Location: Bob Wright Centre (BWC) B-Wing

Description: Facilities Management, AME Consulting and Aral Construction Ltd. are working on upgrades to the HVAC and humidity controls system in the Bob Wright Centre to provide more control and efficiency to B-Wing floor 0.

Please see the attached drawing showing the core location between floors 1 and 0. The location of the core is in an interstitial space where all the mechanical HVAC ducting is located and therefore no workers will need to enter the spaces on either floor 1 or 0. The coring will be noisy and will cause vibration between these floors. The vibration and noise may carry to other parts of the building. Coring will take up to 4 hours.

Fire Alarm Masking and drain down is required for this scope of work.

We apologize for any inconvenience.

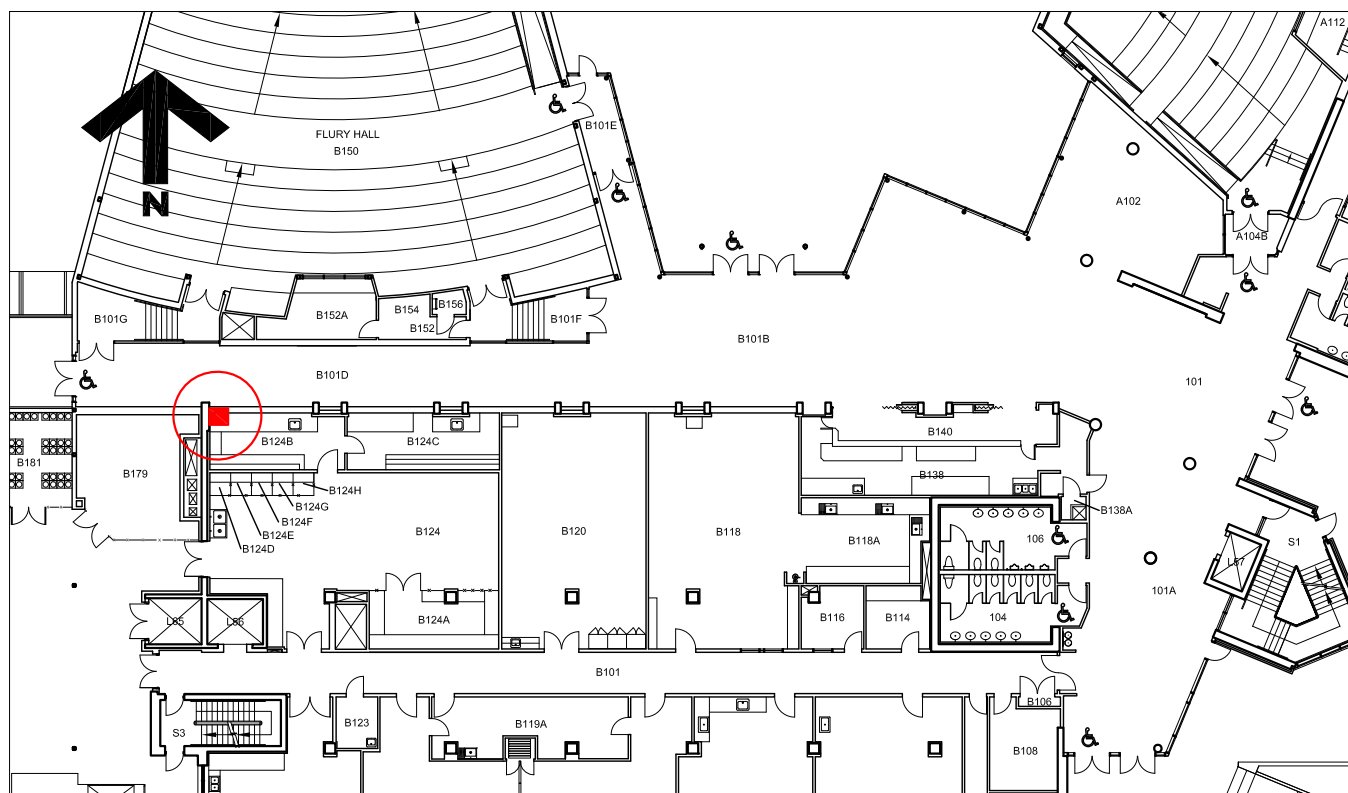

Time frame: Tuesday, April 18, 2023, 5:00 am – 9:00 am
