

FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

Title: Fraser Building Heating Shutdown

Location: Fraser Building

Description: Facilities Management and Chandos Construction will be installing new heating piping to serve the new End of Trip facilities.

This work will require a temporary shutdown of the heating system.

Please prepare for colder than normal interior temperatures especially in the mornings, with additional sweaters and jackets.

The heating system will be reinstated by the end of this week.

We apologize for the inconvenience.

Time frame: Tuesday, March 28 through Friday, March 31, 2023
