

FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

Title:	MacLaurin B-Wing Mould Remediation
Location:	MacLaurin B (Music) - Wing
Description:	North West Environmental and LGF Environmental will be performing mould remediation in the central air handler of the MacLaurin B-Wing. This will require the system to be off which will disable heating and air circulation for the majority of this building wing. Temporary electric heaters will be installed throughout the building. Please avoid the area, if possible, and be aware of tripping hazards due to the temporary heaters.
Time frame:	Thursday, January 2nd – 7:00 AM until Saturday, January 4th - 5:00 PM (Note that the HVAC system will be operational for Saturday the 4th)
