Title:	McKinnon Building Damper Removal
Location:	McKinnon Building
Description:	<p>FMGT has contracted Playsted Sheet Metal and HazPro Environmental Ltd to remove a set of dampers in Air Handler TR7 located in room 065. They will build a containment area around the air handler compartment. The compartment will be vented via Hepa exhaust that will be temporarily tubed to vent outdoors. The poly tubing will exit mechanical room 065, run along the hallway towards the stairs, go up then enter classroom 150. From there it will exit a second level window.</p> <p>The building will be locked to the public during this work.</p>
Time frame:	Saturday, December 27, 2025, and Sunday, December 28, 2025
