NOTES:
- The plot is based on broad-brush washes with specials.
- Any and all alterations to this, the House Hang, must be restored.
- Almost without exception, and due to the acoustic clouds hanging in the Auditorium, everywhere there is a clear shot to the stage a lamp has been hung.
- Almost without exception, open areas on the plot DO NOT have a usable sightline to the stage.
- Most non-gobo-wash lekos have R119 or R132 (frost). Not noted on plot.

MORE NOTES:
- ** On Gel # = Dichroic Gobo Equivalent
  - 3220° = Rosco 3220 Double CT Blue
