APPLICATION FOR LIVE STREAMING OF PERFORMANCE

I hereby request the service for the performance listed below to be broadcast/streamed live by the University of Victoria School of Music on the following website: <https://finearts.uvic.ca/music/calendar/live/>

I acknowledge that I have signed and submitted the “Consent to the Release of Photos and Recordings.”

I understand that, in the case where the requested performance includes an ensemble or chamber group, all performers must have signed and submitted the “Consent to the Release of Photos and Recordings” (for UVic students) or the “Consent to Broadcast” (all other performers) prior to the performance date.

I understand that the performance will be broadcast live and will be available for public listening for 30 days following the scheduled performance time.

I understand that the School of Music live streaming service is provided as a “best effort” service. We rely on the UVic Systems servers to record and transmit events. If the servers go down or malfunction, the recording and webcasting will cease. The system is however very reliable.

I have paid the service fee of \$30 to the School of Music.
