The School of Social Work is accredited by the Canadian Association of Social Work Education. Our undergraduate (BSW) and graduate programs (MSWF, MSWA, MSWI) nurture accountable and critically engaged social work education, research and practice in the advancement of decolonization, anti-racism, Indigenous resurgence, feminism, 2SLGBTQ+ liberation struggles, disability justice and other social justice struggles.

The School welcomes and is actively recruiting applicants from communities that experience historical and present-day systemic discrimination and marginalization, and who are committed to social justice, equity, anti-racism and decolonization. In our admissions decisions, we will apply a decolonial equity framework which includes an intersectional lens and will prioritize applicants who are Indigenous, Black, and people of colour.
