**PURPOSE**

- 1.00 The University recognizes the value of a professional staff group that is fully engaged, current in their field of expertise, curious to learn, and committed to sharing and applying their knowledge within the UVic community. Therefore, the University has established this funded program and Policy to support individual professional development for the Professional Employees' Association (PEA) employee group. For purposes of this Policy, professional development includes those activities which enhance the knowledge, performance, or career progression of an employee's work at the University and contributes to the successful achievement of the University's mission.

**DEFINITIONS**

For the purposes of this policy:

- 2.00 **Professional Development Expense Account** (the PDEA) means the account established, for each eligible employee, by the university to track the allocation of the annual professional development entitlement less claims of Eligible Expenses.
- 3.00 **Central Professional Development Fund** (the Central Fund) means the fund established by the university to which eligible employees may apply for funding assistance for specific professional development opportunities that cannot otherwise be funded.
- 4.00 **Eligible Expenses are** expenses eligible for reimbursement in accordance with the procedures and guidelines established for the separate administration of the Professional Development Expense Account and the Central Fund.

## **ELIGIBILITY**

- 5.00 This policy applies to PEA staff members holding a regular appointment and PEA staff members who have completed three continuous years, within the academic year, of a term appointment. Eligible PEA staff members who qualify for a PDEA may also apply to the Central Fund for professional development expense assistance.

## **POLICY**

- 6.0 Effective July 1<sup>st</sup> of each year, full-time continuing PEA employees will receive a \$250 entitlement in a Professional Development Expense Account (PDEA) for this purpose.
- 6.1 To be eligible to receive the PDEA entitlement term PEA employees must have completed three continuous years of service.
- 6.2 The annual entitlement is calculated according to employment status in the academic year (July 1-June 30).
- 6.3 This amount is prorated for:
- a) individuals who have part-time positions in proportion to their appointment at July 1;
  - b) individuals employed for less than a full year, including individuals who declare their intention to retire or resign during the course of the academic year and those who take up appointments after July 1;
  - c) individuals on unpaid leave, other than maternity or parental leave, during the academic year; or
  - d) Individuals who have a sessional<sup>1</sup> appointment.
  - e) Individuals who have completed three continuous years of a term appointment after July 1.

Consequently, for example, employees retiring on June 30 receive no professional development while those who have declared their intention to retire on December 31 receive 50% of the current entitlement.

- 6.4 Items and equipment purchased through the Professional Development Expense Account are the property of the University. Upon retirement or termination of employment assets acquired through the Professional Development Expense Account must be returned to the department. If the University is unable to re-allocate the assets the employee may purchase the assets at its current fair market value by contacting Purchasing Services for an evaluation.

---

<sup>1</sup> Regular sessional appointments are defined as appointments with a predetermined layoff period in each year of the continuing appointment.

7.00 PEA employees may claim Eligible Expenses by following the steps in the Procedures and in conformity with the Guidelines. The Vice-President Finance and Operations will approve the Guidelines, as developed and revised from time to time, in consultation with the Professional Employees' Association.

## 8.0 Professional Development Leave

8.1 Professional Development Leave is encouraged and supported through the annual performance planning cycle.

8.2 Full or partial financial support for Professional Development Leave and expenses not fully covered by the PDEA account is at the discretion of the University, subject to operational requirements and financial limitations and must be approved in advance of the professional development activity.

8.3 When deciding how to support individual professional development supervisors will also need to take into account factors such as the individual's time and nature of job; the department's need for training in a specific skill or content area; the relationship of the professional development activity to other colleagues; and the benefit of the professional development proposal to the University.

8.4 If an application for Professional Development Leave is received that requires an employee to be absent from the university for a period longer than 2 weeks, the supervisor of the employee applying for Professional Development Leave will consult with a Human Resources Consultant before giving final approval to ensure that practices are consistent where appropriate.
