

Retirement Benefits Information Package CUPE local 4163 Continuing Sessional Lecturers

The following outlines important information regarding University benefits at retirement.

The criteria for retirement from UVic:

- Minimum age 55
- Officially declare your intent to retire from employment at the University of Victoria
 - Must be retiring from a continuing (not term) position.

University Pension Plan

For details regarding your University Pension Plan please contact the Pension Office by phone at (250)721.7030 or by email, <u>pensions@uvic.ca</u>

- Part 1: Information on Benefits, Life Insurance and Leave
- Part 2: Information for University of Victoria retirees
- Part 3: Comparison of the voluntary options for retiree benefit coverage
- Part 4: Considerations when selecting voluntary retiree benefit coverage

Part 1: Information on Benefits, Life Insurance and Leave

Extended Health and Dental Care Plans

If you have Extended Health Benefits and/or Dental Care coverage through the University, your group coverage with Pacific Blue Cross will terminate at the end of the month in which you retire.

You have 60 days following the termination of your UVic plan to apply for the voluntary retiree benefit plan coverage.

- 1. Pacific Blue Cross offers a voluntary retiree extended health and dental care benefit plan. Administration and enrolment are done by Pacific Blue Cross; please direct your application form to them. Apply using attached enrolment form. Send directly to PBC.
- The UVic Retirees Association (UVRA) offers benefit options for coverage under their group extended health, dental and travel plans. You must join their association to enrol in their benefit plan which is offered through Johnson Inc. Phone 250-472-4749.
 Apply directly <u>https://www.uvic.ca/retirees/benefits/index.php</u>
- 3. As members of the College and University Retiree Associations of Canada (CURAC), the UVRA has also obtained access for participation in the RTOERO benefit plans. Individuals permanently residing in Canada who have worked in any capacity at a Canadian University may apply as an associate member to participate in the plans offered. Link to website https://www.rto-ero.org/ or phone 1-800-361-9888 for information on membership and benefit plan coverage. Apply directly https://www.rto-ero.org/group-insurance-plans

To assist with your decision making, access the comparison document illustrating common features of the three coverage options in **Part 3** of this document. The summary is not intended to be comprehensive of all details of coverage.

Group Life Insurance Plans Early Retirement Only (Under age 65)

Basic Group Life Insurance coverage will terminate at your retirement date. During the 31 days following your retirement you can apply for a conversion option to purchase an individual life policy. The conversion option is mainly to provide continued coverage for persons who would not otherwise qualify for individual insurance. As a result, the conversion rates are considerably higher. Please contact Pacific Blue Cross directly for conversion information and rates @ 1-888-275-4672 or by emailing conversion@pac.bluecross.ca

If you currently have Optional Group Life Insurance, you are entitled to continue your University Group Policy up to your normal retirement date (end of the month in which you turn 65). To arrange payments of your premium, please contact the Benefits Manager at 250.721.8089. If you choose not to continue Optional Group Life Insurance, your coverage will cease on your retirement date.

Normal or Deferred Retirement (Age 65+) Your Basic Group Life Insurance and any Optional Life Insurance coverage will terminate at your retirement date.

Part 2: Information for University of Victoria retirees

UVic ONEcard

Visit the ONECard office after your retirement date for your UVic Affiliate card which will entitle you to ongoing privileges.

NetLink ID

Your NetLink ID will remain active and will enable you to login to UVic Employee Services Dashboard and access your personal information including your tax forms.

UVic email

Per <u>UVic Policy IM7200</u> your University of Victoria email account will be decommissioned when you retire.

Celebrate Our Retirees – Join the Festivities!

Every year – typically in May or June – we come together to honor our retiring faculty and staff members. Don't let this special occasion pass you by! Keep an eye on your inbox in March for details on how we're commemorating this milestone.

To ensure you don't miss out on any retiree celebration updates, make sure to **add a non-UVic email** to your <u>personal profile</u> today. Let's make this retirement celebration one to remember!

University Club

Any regular UVic employee who would be eligible for membership and has not been a member before is eligible for a one-year free membership! Contact the University Club (250) 721 7933, for further information.

Retirees' Association

UVRA is a volunteer group which depends on the efforts of and suggestions from their members. <u>https://www.uvic.ca/retirees/index.php</u> Continued access to Employee & Family Assistance Program is included in membership in the UVic Retirees Association.

United Way

UVic is a proud supporter of the United Way. To continue your donation or to become a new donor to the United Way, please visit their E-Pledge site at: <u>http://uwgv.ca</u>

TELUS Health Employee Assistance Program

Continued access to Employee & Family Assistance Program is included in membership in the UVic Retirees Association. <u>http://web.uvic.ca/retirees/</u>TELUS Health provides free, confidential counseling assistance and can be contacted 24 hours a day, 7 days a week. **1-844-880-9142**

If you are considering giving back to the University, thank you! As a staff member, you have seen where support is needed most and UVic retirees are one of the largest groups to leave legacy gifts to the university. The university's Planned Giving office would welcome an opportunity to help you design a legacy gift. <u>legacydev@uvic.ca</u>

Alumni Association

Graduates of recognized Universities may become Associate members of the Alumni Association for a small annual fee. For further information, please contact the Development Office at local 7624.

Ring

If you wish to receive copies of the Ring, please contact UVic Communications Department at local 7636. The Ring is also available online at <u>http://web.uvic.ca/ucom</u>, as well as through campus publication boxes.

Part 3: Comparison of the voluntary options for benefit coverage.

- 1. The voluntary **Pacific Blue Cross Plan** for UVic retirees (which is administered entirely through PBC).
- 2. The independent plan sponsored through the UVic Retirees Association, commonly referred to as the "Johnson-UVRA Plan". Please note: you must become a member of the UVRA to access this coverage.
- 3. The nation-wide **RTOERO** plan (Teachers, school and board administrators, educational support staff, childhood educators, childcare professionals and college and university faculty are eligible). *Please note: you must become a member of the RTO to access this coverage.*

How to apply:

All applications are to be directed to the individual carrier.

Pacific Blue Cross Voluntary Benefit Plan for UVic Retirees (Paper application form) No membership required. Johnson-UVRA Plan through UVic Retirees Association <u>http://www.johnson.ca/uvra/en/bc</u> (Please note: you must become a member of the UVic Retirees association to access this coverage.) RTOERO <u>https://www.rto-ero.org/group-insurance-plans</u>

(Please note: you must become a member of the RTOERO association to access this coverage.)

• Premiums subject to change annually.

Part 4: Considerations when selecting voluntary retiree benefit coverage through the University of Victoria

Is acceptance guaranteed?	Yes. All 3 plans will accept you if you enroll within 60 days after your UVic employee coverage has ended.
Is there a Lifetime Maximum that could be a concern?	Both the PBC and Johnson-UVRA plans have lifetime maximums. Once you reach that maximum level, your coverage ends.
Is there a deductible?	The PBC plan has 2 different annual deductibles; \$100 or \$1,000. The monthly premiums differ based on which deductible you have chosen.
Is there an annual membership fee?	The RTOERO plan has an annual membership fee. Please consult with the carrier as this amount is subject to change.
Do monthly premiums change?	Benefit plans are reviewed on an annual basis by the carriers. Premiums are based on group usage of the plan benefits and are subject to change annually. This could result in an increase – or decrease – to monthly premiums.
Do premiums increase as I get older?	The monthly premiums in these plans are not age-banded and will not increase based on your age.
Can I change plans?	Both the Johnson-UVRA and the RTOERO plan will allow you to join within 60 days of ending your group coverage with another plan. It is important to confirm coverage with your new carrier before ending coverage with your old plan.
Can I move freely between coverage options (single, couple, family, add or drop coverage)?	Consult directly with each insurer to confirm conditions of coverage for your dependent(s).
Can I enrol under more than one plan?	If you are covered under more than one insurance plan simultaneously, benefit payments from all plans will be coordinated. The total reimbursement cannot exceed the actual expense incurred.
Is coordination of benefits allowed if my spouse has coverage elsewhere?	Coordination of benefits is allowed under the 3 benefit plans.
Can I cover my children or student dependents and not just my spouse?	Dependent children and students can be covered under the Johnson-UVRA and RTOERO plans but not the PBC plan.
Can I live anywhere in Canada and retain my coverage?	Consult directly with each insurer to confirm residency requirements.
Do I really need vision care included in coverage or is this something that I can budget for?	The PBC plan does not include vision care. Budgeting for glasses/contact lenses would be necessary.

How do I know if the prescription coverage will be adequate?	Each plan offers coverage for prescription drugs. Additionally, under the BC Fair PharmaCare program, some prescription costs and medical supplies are subsidized, based on net income. <u>https://www2.gov.bc.ca/gov/content/health/health-drug- coverage/pharmacare-for-bc-residents/who-we-cover/fair- pharmacare-plan</u>
Will my current prescription drug be covered under a Retiree Benefit plan?	Before choosing a retiree plan, contact the carrier(s) directly to ensure your prescription is eligible.
I plan on travelling. Do I need travel coverage? Will this become harder to purchase as I age?	Travel insurance is included in the RTOERO plan and is an optional add-on to the Johnson-UVRA plan on a monthly basis. Purchasing separate travel insurance would be necessary with the PBC plan however they do offer a discount for PBC members.
Should I also get add-on dental coverage or is this something that I can put aside money for and pay out of pocket at the time of service?	Consult with your dentist prior to retirement on what your future dental needs might be. If only regular hygiene or maintenance appointments are anticipated, some retirees opt not to purchase dental insurance.
Will I need paramedical coverage (chiropractor, physio, massage, acupuncture)?	It can be difficult to predict future needs but if you are currently using paramedical treatments, you may wish to select a plan that includes this.
Are vaccinations included?	Vaccinations are covered by the Johnson-UVRA and RTO plans, but it is best to consult with the carrier for complete details.
Does the plan offer coverage for a surviving spouse for their lifetime?	All 3 plans offer survivor benefit coverage.

The above is intended as a general guideline and is not comprehensive of all plan details. When in doubt, consult directly with the insurer.
