To copy a requisition, complete the following steps:
1. On the Main Menu Ribbon, click Recruiting » Requisitions » Manage Requisition.
2. Locate the requisition that you want to copy, then click and from the drop-down list, click Copy. This takes you to the Define Requisition Step.
3. Continue the steps detailed in the Job Profile Library Method, beginning with Step 2.

1. Preferred candidate accepts offer.
2. Internal department communications and personal communications to applicants advising them that the competition has been filled.
3. For CUPE 917, CUPE 951 and PEA competitions, notify internal applicants of the successful candidate. See Communicating with applicants guide for screen shots on how to do this in UVic Careers.
4. Change your new hires status in UVic Careers to Hired in their Résumé/CV Dashboard Workbench. If you have not already changed the status of the other applicants, the system will ask if you wish to disposition all of the other candidates - select OK. Once the applicants have been dispositioned, you will be send back to your new hires workbench to move them into the Hired status. See Hire and onboard guide.
5. Initiate onboarding.
   a. For CUPE 917/951/Exempt Support Staff, all required onboarding documents have been preselected. Do not include any documents from the Other Documents section.
   b. For Continuing ME/PEA hires select the appropriate pension enrolment forms from the Other Documents section. Do not select any documents if you are hiring for a term ME/PEA position.
6. New Hire receives onboarding welcome email with instructions to complete forms and training. The new hire form triggers a workflow that issues an employee number. Benefit enrolment forms need to be completed within 7 days after your new hire’s start date.
7. Complete Payroll forms.
8. Continue department onboarding.

THINGS TO KNOW

In order to notify applicants in bulk that the position has been filled, you can send a letter through UVic Careers. It is recommended that you complete this step before changing the status of your successful applicant to ‘Hired’. Once you move your new employee to ‘Hired’ status and disposition other candidates, the competition will show as ‘Position Filled’ on applicants’ Résumé Submission History.

In order to fulfill collective agreement requirements, you must notify unsuccessful internal CUPE 917, CUPE 951 and PEA applicants of the successful candidate.

Participation in the University’s group benefit plans is a condition of employment for many employee groups. A delay in enrolment will result in financial hardship for the employee (benefit premiums are payable from the date of eligibility) and prevents the employee from accessing the benefits to which they are entitled. Initiating the onboarding process and ensuring the completion of enrolment forms with the required training is mandatory and the responsibility of the hiring manager.

If you are hiring an internal employee you will still need to onboard them through UVic Careers. They will receive instructions to only complete forms that have not previously been completed.

UVIC CAREERS – QUICK GUIDES

The following quick guides include screen shots and will walk you through the steps you need to complete in UVic Careers.
QUICK GUIDE – CREATE A REQUISITION FOR A NEW POSITION

The regular process for creating a requisition for a job posting relies on a library of approved job summaries that have been uploaded to the UVic Careers system by Human Resources. These job summaries have position numbers assigned by the Budget Office.

If you have a new position with an approved job description and classification but have not yet received a position number, follow the process below. This process will provide you with a position number and job profile, not a job posting. You will need to follow the create a requisition steps to have your position posted to the UVic Careers website.

If you cannot find an existing job in the UVic Careers system, or the job profile for an existing job requires adjustment, contact Employment Services. The process below is for new jobs only.

QUICK GUIDE – HIRE AND ONBOARD

This quick guide describes the key steps in hiring and onboarding a new employee. **Onboarding is a mandatory step** when hiring both internal and external employees.

Setting up onboarding through the UVic Careers system triggers the creation of a new employee’s NetLink ID, employee number and email account, as well as the set-up of UVic benefit and pension plan enrolments. Other resources for hiring administrators are available at [http://www.uvic.ca/hr/services/home/hiring/index.php](http://www.uvic.ca/hr/services/home/hiring/index.php).

Participation in the University’s group benefit plans is a condition of employment for many employee groups. A delay in enrolment will result in financial hardship for the employee (benefit premiums are payable from the date of eligibility) and prevents the employee from accessing the benefits to which they are entitled. Initiating the onboarding process and ensuring the completion of enrolment forms with the required privacy training is mandatory and the responsibility of the hiring manager.
