More choices for families starting December 3, 2017

Maternity leave
What’s changed?
Eligible pregnant employees will be able to begin their EI maternity benefits earlier, up to 12 weeks before their due date.

What hasn’t changed?
EI Maternity benefits provide 15 weeks of benefits to EI-eligible birth mothers and will continue to be paid at the current rate of 55% of regular average earnings up to a maximum of $547 a week.

Parental Leave
What’s changed?
There are now 2 types of Parental Leave through EI:

Standard parental benefit
- 35 weeks EI Parental benefits that can be shared between parents
- Must be completed within one year of the baby’s birth
- EI pays 55% of regular average earnings up to a maximum $547/week

Or

Extended parental benefit
- 61 weeks of EI Parental benefits that can be shared between parents
- Must be completed within 18 months of the baby’s birth
- EI pays 33% of regular average earnings up to a maximum of $328/week

Important Note: Presently, the Employment Standards Act and the collective agreement do not provide for 61 weeks of parental leave. To accommodate the new EI benefit provisions, a faculty member may elect to apply for a period of Leave Without Salary, to extend their leave period beyond 35 weeks. Please review the conditions for Leave Without Salary under s. 50 of the Faculty Collective Agreement.

When to choose?
Parents will need to choose the same parental benefit (standard or extended) when applying for EI and indicate how many weeks they each plan to take.
Can both parents receive EI at the same time?
Parents will be able to receive the benefits at the same time or separately.

Who gets to choose length of leave?
The choice of standard or extended benefits by the first claimant who completes the EI application’s selection will be binding for both claimants.

Can parents change their mind?
Once parental benefits have begun being paid on a claim, the parents’ choice will be irrevocable.

Supplemental top-up
(a) Where a member is required to serve the one-week waiting period for Employment Insurance maternity or parental benefits, the University will pay 95% of the employee’s normal basic earnings for the first week.

(b) During the next 16 weeks of maternity leave the birth mother, if a regular faculty or librarian, will receive from the University a salary payment equal to the difference between 95% of the employee’s normal basic earnings and the amount of Employment Insurance maternity benefits at the rate of 55% of average weekly EI insurable earnings.

(c) During the next 17 weeks of parental leave, the birth mother or the co-parent, if not on leave, is entitled to receive from the University a salary payment equal to the difference between 95% of the member’s normal basic earnings and the amount of Employment Insurance parental benefits at the rate of 55% of average weekly EI insurable earnings.

(d) The University will pay a maximum of 18 weeks of supplementary parental top-up benefits per family. Where both parents are regular faculty or librarians eligible for the supplementary parental top-up benefits, then either parent may apply for the benefit in its entirety, or the benefit may be divided between the parents, providing that each parent receiving the top-up applies for the equivalent number of weeks of EI parental benefits.

During the last week of parental leave, regardless of the length of parental leave chosen, the member will receive from the University the equivalent of one week at 55% of average weekly EI insurable earnings to reflect the one-week reduction in the EI benefit waiting
### Employment Insurance (EI) Benefits

#### Leave Entitlements
- **Eligibility**: If you are the birth mother, you are entitled for up to 17 consecutive weeks of unpaid maternity leave. Maternity Leave can begin up to 12 weeks before the birth, but not later than the week of the birth.
- **Further maternity leave of up to 6 consecutive weeks without pay shall be granted if you are unable to return to work for reasons related to the birth, as certified by a medical practitioner.**

#### Employment Insurance (EI) Benefits
- If you have worked sufficient hours in the last year, or since your last claim, you may be eligible to receive EI maternity leave benefits. The first one week of maternity leave is considered an unpaid waiting period. EI maternity benefits are then payable to the birth mother for a maximum of 15 weeks.
- Please check the EI website for current information and benefit amounts.

<td>Employment Insurance (EI) Benefits</td>
<td>If you have worked sufficient hours in the last year, or since your last claim, you may be eligible to receive EI maternity leave benefits. The first one week of maternity leave is considered an unpaid waiting period. EI maternity benefits are then payable to the birth mother for a maximum of 15 weeks. Please check the EI website for current information and benefit amounts.</td>
<td>If you have worked sufficient hours in the last year, or since your last claim, you may be eligible to receive EI parental leave benefits. EI pays a maximum of 61 weeks of parental leave benefits per family. The benefits can be taken by either of the birth parents, or shared between them, providing both parents are eligible. Only one EI waiting period needs to be served per person or family – so will be waived if already served for maternity benefits. If you qualify to receive UVic supplemental top up benefits during your parental leave, you must apply for the equivalent number of weeks of EI parental leave benefits. Please check the EI website for current information and benefit amounts.</td>
<td>If you have worked sufficient hours in the last year, or since your last claim, you may be eligible to receive EI parental leave benefits. The first one week of parental (adoption) leave is considered an unpaid waiting period. If this has already been served by the first parent, the second parent claiming parental benefits can have this waived. EI pays a maximum of 61 weeks of parental leave benefits per family. The benefits can be taken by either of the adoptive parents, or shared between them, providing both parents are eligible. If you qualify to receive UVic supplemental top up benefits during your parental (adoption) leave, you must apply for the equivalent number of weeks of EI parental leave benefits. Please check the EI website for current information and benefit amounts.</td>

<tr>
<td>If you are the birth mother and a regular faculty or librarian, not on leave, you are entitled to receive up to 17 weeks of supplementary maternity top up benefits, provided you have applied for EI maternity benefits. The supplementary top up benefit is 95% of normal basic earnings from UVic, less the amount of EI parental benefit you will receive. For calculating top up, the EI parental benefit will be based on 55% of your average weekly insurable earnings up to the EI maximum amount.</td>
<td>Requests must be made in writing to your supervisor, outlining the expected leave dates. As noted earlier, the maternity leave can commence up to 12 weeks prior to the birth, but no later than the week of the birth. The leave must always start on a Monday, to coordinate with EI. A note from your Physician or Midwife is required indicating the expected due date. Requests should be submitted at least two months prior to the expected leave date. Once approved, actual dates can be changed as required. If the baby arrives earlier than the requested leave date, Payroll must immediately be contacted so the start date can be altered.</td>

<td>UVic Personnel Benefits</td>
<td>If you are eligible for the supplementary top up, you are required to contribute your share of the cost of the Personnel Benefits Programs in which you are enrolled while in receipt of supplementary top up benefits. The University will continue to contribute its share of the cost of the programs. If you are not eligible for supplementary top up benefits, or once supplementary top up benefits have been exhausted, the University will continue to contribute its share of the cost of any of the Personnel Benefits in which you are enrolled, unless you elect in writing not to continue to pay the employee’s share. Requests to discontinue coverage during the leave must be submitted before the leave commences. Please contact the Benefits Office to add the baby to the medical, extended and dental plans within 30 days of the birth. If you have MSP coverage through the University please forward the baby enrollment form you will receive from the hospital to the Benefits Office.</td>

Maternity and parental leave checklist

☐ Obtain note from Physician or Midwife to confirm expected due date
☐ Prepare letter for Supervisor requesting maternity and/or parental leave
☐ Your department submits Position Status Change Request form to Payroll with note from Dr or midwife
☐ Contact Payroll at beginning of leave to confirm when ROE sent to EI
☐ Complete and submit application for EI benefits when leave starts
☐ Make contingency plans for payment delay during EI adjudication process

☐ Contact Payroll to alter dates if baby arrives earlier than leave date
☐ Submit EI approval notice to Payroll to initiate top up payments
☐ Forward MSP Baby Enrollment form to Benefits Office
☐ Complete form to add baby to extended and dental plans within 30 days of birth
☐ Provide Payroll with post-dated cheques for benefits once top-up payments end

If you have questions, make an appointment with the Benefits Manager to review options and leave process shelston@uvic.ca or (250)721.8089
Family Support Services

How does it work?

• The Family Support Service (FSS) team are Morneau Shepell generalists that are able to address issues relating to both Child Care and Adult Care.

• Telephonic consultations can be booked Monday- Friday, between 8am-8pm (EST). Exceptions can be made where availability is an issue.

• Statistics have shown that the average employee spends 15hrs/week googling information to address their personal needs. The FSS team provide customized recommendations and resources based on the client’s need, and can provide referrals to community based resources where appropriate. They will assess, identify and locate caregiving services – including provider options, location, current availability and fees to suit identified needs.

• This team has a bank of information ready to go based on common questions and requests, and is constantly updating these resources so as to stay valid. The information is pulled from reputable, vetted sources within the health and wellness industry (e.g., CMHA).

• Resources packages can be created that pull together a variety of materials related to the topic of interest or issue identified (see next page). These are provided in hard copy only.

Topics include:
• Planning a family
• Expectant/new parents
• Home support services
• Special needs
• Residential care
• Community programs Plus more!

Call 1 844 880-9137
Resource Packages:

• These are mixed-medium resource packages (also known as FSS Resources) that typically contain factsheets, information on various community resources, pamphlets, books etc. These are vetted materials but are not considered a clinically-developed resource.

• New or expecting parents can order a package through the intake centre, and have it delivered to their home or place of work. These resources are free of charge and yours to keep.

• Current topics include*:
  - Pregnancy
  - Adoption
  - New Parent
  - New Father
  - Special Needs

*customized packages can also be created on an adhoc basis as needed
