

# Positive Space Network Workshop

**Back by popular demand!**

The **Community Life Portfolio** is sponsoring another **Positive Space Network Training Workshop**.

It is a 3 hour session and upon successful completion, the participants will receive a "Positive Space Network Resource person" card to display. This is one of the efforts being made to make SCYC a queer-friendly department. We are taking a lead at UVic on this initiative.

**Friday, February 3, 2011**

**9:30 am to 12:30 pm**

**Human & Social Development Building, Room B141**

We welcome instructors, faculty, staff, undergraduate and graduate students!

Only 15 participants are accepted so contact **James Cairns** [jcairns@uvic.ca](mailto:jcairns@uvic.ca) to get on the list!

A waitlist will be started if there is an over-subscription for this session and you will have first dibs at the one we will offer next term (no date selected yet).
