Masters in Nursing - International Statement

Applicants eligible to enrol in the University of Victoria, School of Nursing Advanced Practice Leadership and Nurse Educator Options must be residents of Canada or the USA. These programs are not open to International applicants residing outside of North America.

International applicants will however, be considered for the Master of Nursing and Master of Science in Health Informatics (Double Degree) Graduate Program offered by the School of Nursing at the University of Victoria. It is expected that students will maintain active licensure as a registered nurse in *the jurisdiction of his/her place of permanent residence.*
