

History 440 A01/519 A02-- Cinema -- Society: Europe in the Era of World Wars

Professor: Tom Saunders

Subject to change

Explores cinematic representation of society and social questions ca. 1900-1950. Works comparatively across national cinemas and genres, including documentaries and newsreels as well as feature films.

Attention will also be given to cinema as a social institution and to its role in both world wars.
