

## PHIL 232: Moral Problems of Contemporary Society

Instructor: Karen Brown  
Email: [klbrown@uvic.ca](mailto:klbrown@uvic.ca)

Office Hours: Immediately following class on Tuesdays, Wednesdays and Thursdays

### Course Description

William James once described philosophy as "the unusually stubborn attempt to think clearly." In this course we will take a philosophical approach to a variety of controversial and sometimes emotionally charged moral issues facing us today. Topics we will address include the treatment of non-human animals, genetic engineering, criminalizing drugs, abortion, our handling of the environment, sex work, and our response to human starvation and suffering. As we approach each of these issues, we will consider what various philosophers have said makes an act right or wrong and see whether their theories help us in solving moral problems. We will make a determined effort to develop well-reasoned positions on these issues, articulating and evaluating arguments on both sides of the debates. In short, we will be thinking in a philosophical way about how we should live our lives.

The second will be 1500 words maximum. Due dates for the papers can be found on the schedule below. Detailed instructions for the papers are available on Brightspace.

#### Help with Papers

We will discuss how to approach the paper assignment in class on May 13. Advice about how to write a philosophy paper is available now on the Brightspace page. Prior to the due dates for both papers Claire Jansen-Faught, the teaching assistant for the course, and I will have additional office hours to help you with your papers. It is wise to start work on your paper early enough to take advantage of this extra help.

#### Late Papers

If you have a legitimate reason for submitting your paper late, please notify me immediately. Unexcused lateness will result in a 5% reduction in the grade for that assignment each day. No essay will be accepted for grading after **June 7** unless academic concession has been granted. For policies concerning academic concession see <https://www.uvic.ca/calendar/future/undergrad/index.php#/policy/HJjAxiGO4?bc=true&bcCurrent=11%20-%20Academic%20Concessions&bcltemType=policies>.

**Please Note: Anyone who does not write both of the two assigned papers will receive a grade of N for the course.**

**The quizzes** will be online quizzes given on Brightspace. On quiz days class will end early, giving you an opportunity to do the quiz during the scheduled class time. If you prefer, you can do the quiz later that day. You'll have until 8pm to complete each quiz. Quiz One is not a timed quiz — you can open it to read the questions and then come back to answer them later. All of the other quizzes are timed, so once you open the quiz a timer will start and you will not be able to reopen the quiz once you close it.

All of the quizzes are open-book and open-notes, but you must complete the quizzes on your own.

If you miss a quiz due to illness or accident, contact me immediately to schedule a make-up.

**The panel discussion** will be a group presentation applying ethical theories to a particular topic and leading class discussion of that topic. You'll sign up for a topic on Wednesday, May 11. Details about the assignment are available on Brightspace.
