Tri-Faculty Request for Pre-requisite Waiver Form Instructions for Student

1. Pre-requisites are rarely waived. You may believe you have taken a course, or combination of courses, which provides you with the background that matches that provided by the listed pre-requisites. In addition, some courses have a pre-requisite statement that includes “permission of the Department”. This statement indicates that the course may be of interest to students with non-standard backgrounds, in which case there is scope for the pre-requisites to be interpreted flexibly.
2. Please make sure to complete the “reason why the waiver should be granted” and provide any relevant supporting documentation (see over) with this form. Relevant documentation could include, but is not limited to, unofficial transcripts, transfer credit documentation, course outlines if not on BCCAT, etc.
3. Contact the Department/School main office to find out where to electronically submit your waiver form and relevant documentation.
4. Please ensure your email is included on the form. You will be notified via email within two weeks.
5. If your pre-requisite waiver request is granted, it is your responsibility to get caught up on content from the pre-requisite course you are missing. The course instructor is not required to assist with this.
6. If your pre-requisite waiver request is granted, you may not appeal a grade, defer completion or drop the course after the deadline, based on the fact that they did not have the pre-requisites. Any of these scenarios will require demonstration that your inability to finish the course is due to something other than their not being adequately prepared.
