

DEFINITIONS -- FACULTY

Full-Time Faculty

For FTE calculations, full-time faculty members are those -- regular, sessional or visitor -- who are employed full time, with a full teaching and administrative load for at least the eight-month period September to April. In the usual case the FTE measure is one.

The FTE of an Academic Dean or the Vice President is assigned to be administrative office.

Part-Time Faculty

The Appointment Recommendation for each part-time faculty member identifies his or her FTE workload. It is typically less than one.
