FOR ADVISING USE ONLY:

- Once the request to add, drop or change the program noted above has been approved by the student’s home Faculty or School, and signed by both the student and the Faculty or School adviser, forward the form to the appropriate Adviser for update.
- The Adviser for the student’s home Faculty or School must NEVER update coding in BANNER INB for the added program; the coding is not always transparent and errors will mean the wrong program in CAPP reports.
- The Adviser responsible for the added or dropped program will update the coding in BANNER INB. This will mean that the ID on the update will be applied to the original program as well, BUT NO CHANGES WILL BE MADE TO THE STUDENT’S ORIGINAL PROGRAM. For example, if a student is registered in Fine Arts and wants to add a Minor in English, the INB ID will show that one of the Academic Advisers in Humanities, Science or Social Sciences has updated both the Fine Arts program as well as the English program, but any adjustments required will be done by the appropriate Adviser.
- The Adviser will make any adjustments required to the added program on the student’s CAPP report.
- Once this has been done, the Adviser will send an e-mail to the student to inform him/her that the program has been updated, and ask that the new CAPP report be reviewed. A copy of the e-mail will also be sent to the student’s home Faculty or School adviser.
- The Adviser will sign the form, keep a copy for the file, and return it to the student’s home Faculty or School Adviser.
