

# Budget Worksheet

## UVic International Centre for Students Exchange Program

**Please print clearly**

This worksheet is intended as a planning tool and will help demonstrate to the selection committee how well you have planned for your exchange. Please estimate your costs for exchange. Exchange rates can fluctuate, affecting budget plans substantially; therefore, plan for some contingency funds to deal with these and other unexpected costs.

NOTE: If you plan to use student loans for your exchange, please consult the Student Awards and Financial office ([finaid@uvic.ca](mailto:finaid@uvic.ca)) about how this works.
