

# Budget Worksheet

## UVic International Exchange Program

**Please print clearly**

This worksheet is intended as a planning tool and will help demonstrate to the selection committee how well you have planned for your exchange. Please estimate your costs on the basis of either half- or full-time exchange (one or two terms). Exchange rates can fluctuate, affecting budget plans substantially; therefore, plan for some contingency funds to deal with these and other unexpected costs.

NOTE: If you plan to use student loans for your exchange, please consult the Student Awards and Financial office ([finaid@uvic.ca](mailto:finaid@uvic.ca)) about how this works.
