

## Legacy Art Galleries EXHIBITION PROPOSAL

We are interested in collaborating with community and academic partners on projects that serve UVic's goals. Whether or not the collection is used, **art/visual culture** should be at the basis of any exhibition proposal. We have limited gallery spaces downtown and on campus. We schedule projects 18 months to 3 years in advance.

1. Which of the pillars of Legacy's Exhibition Mandate does your idea address?

- **Use of UVic's art collection**
- **Mobilization of UVic student and/or faculty research/creative activity**
- **Opportunities for student mentorship and experiential learning-** Involvement of students in aspects of curatorial practice
- **Opportunities for broader community engagement**
- **Projects that support teaching and learning across disciplines**

2. **Theme/Big Idea.** Brief paragraph or use point form to indicate what the exhibition is about.

3. **Scope/Contents.** What sort of objects/material will be included? Where will they come from?

4. **Audience/Outcomes.** Who is this project aimed at? What outcomes will this exhibition provide for the audience(s)?

5. **Time frame.** When would you like this exhibition to happen and why?

6. **Scale of exhibition.** Approximately how much space will it take up and which gallery space is your preference?

7. **Other resources.** Do you have any websites, photos or resources you want us to consider?

Send your proposal to [criedel@uvic.ca](mailto:criedel@uvic.ca) for consideration. We review proposals bi-monthly.
