

Determinants of Childhood Growth and Development

- What does a child need to grow normally?
- What does normal growth look like?
- What happens when growth *doesn't* happen?
- What does all this mean for my kids and grandkids?

Join students Amy Kim, Kaity Lalonde, and Nick Slater of the UBC Island Medical Program for a talk about childhood growth and development

Wednesday, April 25 @ 6:00 – 8:00pm
Room 150, Medical Sciences Building, UVic

Light refreshments will be served

This is the latest in a series of medical student presentations.
