

Baseline Eye Examinations for Laser Operators

Individuals operating Class 3B or Class 4 lasers are recommended by Occupational Health Safety and Environment to receive a baseline eye exam from the university's provider.

Individuals not operating but working in vicinity of Class 3B or Class 4 lasers should contact OHSE to discuss if a baseline eye exam is required.

If you do not wish to participate in a baseline examination, please contact plagaditis@uvic.ca to complete a waiver form. If you have chosen not to participate, you may reconsider at any time.

Step 1:

After successfully completing the OHSE Laser Safety Training in class course, please contact plagaditis@uvic.ca with the following information:

Your name: _____

Supervisor: _____

Laser Class: _____

Location of Laser (*building and room number*): _____

Step 2:

Contact **Uptown Village Optometry** directly at **250-382-2682** to schedule an appointment. When you call let them know you work in the vicinity of Class 3B or 4 lasers at UVic, so the clinic is aware to bill OHSE directly.

The examination will include a medical and ocular history, visual acuity, macular function and colour vision tests.

Step 3:

Please bring the following to your appointment:

- The Consent for Release of Confidential Information document (**page 2**)
- BC Health Card (if applicable),
- And the wavelength of your laser(s).

CONSENT FOR RELEASE OF CONFIDENTIAL INFORMATION

To: **Uptown Village Optometry Kevin Youck, OD**
107-3450 Uptown
Blvd Victoria BC V8Z
0B9 250-382-2682
