Declaration

I hereby declare that all information given above is complete and true in every respect, and that I have answered all questions applicable to me on this form and that the student loan is essential for me to continue my education.

I understand that according to US Department of Education *Return to Title IV* regulations, should a student in receipt of Direct Loan funding withdraw early, the University of Victoria and the student may be required to return any "unearned" US federal aid received for that term of study. UVic may be obligated to return funds on behalf of a student. If the amount of the loan funds returned exceeds any existing credit on the student's account, the student will owe the funds to the University. In addition, the student may also be required to repay Direct Loan funds directly to the US Department of Education.
