JOB DESCRIPTION:

The Island Medical Program (IMP) located at UVic is a distributed site of the University of British Columbia’s medical program. I am looking for a research assistant to help with research related to medical education. I am the Theme Lead for the medical program for Genetics and Genomics and would like to create modules, videos, and other materials for medical students in years 1-4 of the UBC MD Undergraduate Program. Most of this content would be in the area of personalized medicine, Next Generation Sequencing, and other aspects of genetics testing and treatment.

The main duties include some or all of the following:

- some aspects of data collection
- data analysis
- literature reviews
- writing reports and annotated bibliographies
- assisting with writing ethics application

QUALIFICATIONS:

- excellent written and spoken English
- excellent organizational and time-management skills
- excellent communication skills
- reliable and responsible
- proactive and shows motivation and initiative
- positive attitude and likes working with people
- some understanding of databases, websites etc.
- ability to make interactive modules and possibly apps a plus
- qualitative research experience a plus but not necessary

JOB LOCATION ON-CAMPUS: MSB 330 (can be completed off-campus)

WORK STUDY WAGE: $16.00/hour (including 4% vacation pay)

APPLICANTS MUST BE ELIGIBLE TO PARTICIPATE IN THE WORK STUDY PROGRAM
