JOB TITLE: CHEM1 – OS Migration Coordinator

DEPARTMENT NAME: Chemistry

CONTACT NAME: Dr. Ori Granot

JOB DESCRIPTION:

The Chemistry Analytical Facility provides analytical services including chromatography and mass spectrometry services, and access to a variety of instruments in support of a variety of research projects in several departments as well as industrial partners. A wide range of Gas Chromatography (GC), Liquid Chromatography (LC) and Mass Spectrometry (MS) instrumentation and techniques are used.

Windows 7 is reaching its 'end of life' in January 2020. Most of the instruments in the facility are running on Windows 7 and need urgent upgrading.

We are seeking a motivated and curious Computer Science student to handle the migration to Windows 10. This includes OS Win 10 installs, computer hardware configuration, and hardware installations. This will also likely include installing and testing various VM and VM add-ons to allow communication (LAN, USB, RS-232, GPIB etc) with various instruments, as well as dedicated specialized software installation and configuration.

Flexible hours.

QUALIFICATIONS:

The ideal candidate would be a 3rd or 4th year computer science student with experience in hardware configuration, OS installation and configuration, and various VM's installations and configuration. Strong problem-solving skills are required.

JOB LOCATION ON-CAMPUS: Elliott 066

WORK STUDY WAGE: $14.50/hour

DEPARTMENT TOP UP: $2.50/hour

HOURS AVAILABLE: 100

HOW TO APPLY: Email resume and short cover letter to orig@uvic.ca
