JOB TITLE: BIOL11 - Technician (Molecular Biology)

DEPARTMENT NAME: BIOLOGY

CONTACT NAME: Kimberley Curry

JOB DESCRIPTION:

The technician will work with a Senior Lab Instructor and Scientific Technician to help prepare the material needed for the Techniques in Molecular Biology course (Biology 362). Duties will involve preparing chemicals, setting up equipment, preparing bacterial cultures, cleaning glassware, DNA extraction, PCR, gel electrophoresis, restriction enzyme digestion, cloning, transformation, colony hybridizations, and sequencing (i.e. the technician will test all lab experiments). The technician will also help set up, maintain and clean the Biology 362 laboratory. Applicants need to be available to start early December.

QUALIFICATIONS:

An upper level student in Biology with demonstrated experience in molecular biology. Students having completed Biology 362 are preferred. Consideration will be made to students taking Biology 362 concurrently.

JOB LOCATION ON-CAMPUS: Cunningham 110

WORK STUDY WAGE: $13.50/hour (including 4% vacation pay)

DEPARTMENT TOP UP: none

HOURS AVAILABLE: 100

HOW TO APPLY:

Provide a copy of your fall and spring term course schedule, cover letter (include the number of hours you have been approved to work), resume and references via email to biologylabs@uvic.ca

If you are interested in applying to more than one Biology Teaching Work Study position, please submit only one application package to biologylabs@uvic.ca and indicate in your cover letter what positions you are interested in.

Applicants must be eligible for Work Study Program
