JOB TITLE: COSI2 - Experiential Learning Development Assistant

DEPARTMENT NAME: Computer Science

CONTACT NAME: Bill Bird

JOB DESCRIPTION:

The successful candidate will provide support for the experiential learning software infrastructure used by the Department of Computer Science, and report to the Experiential Learning Coordinator. This position is ideal for a skilled programmer who is also interested in Computer Science education. Duties include

- Maintaining online teaching support resources.
- Developing and extending software for automated testing and assessment.
- Producing documentation for use in training teaching support staff in the use of departmental software.
- Assisting the Experiential Learning Coordinator with training activities for teaching support staff.

QUALIFICATIONS:

- Excellent communication skills, both written and verbal.
- Highly organized and self-motivated, with strong attention to detail.
- A strong background in programming, particularly Python scripting and web applications.
- Experience with database systems, version control (e.g. git) and shell scripting.
- Working knowledge of the teaching languages used in the Department (C, C++, Java, Python).
- Previous experience as a teaching assistant or lab instructor will be considered an asset.
- Preference will be given to a graduate student or senior undergraduate student in the Department of Computer Science.

JOB LOCATION ON-CAMPUS: ECS

WORK STUDY WAGE: $13.50/hour (including 4% vacation pay)

DEPARTMENT TOP UP: $13.50/hour

HOURS AVAILABLE: 100
