

ADVANCED MICROSCOPY FACILITY – UNIVERSITY OF VICTORIA

PUBLICATION AGREEMENT FORM

Before using any of the instruments, i.e. the Hitachi S-4800 SEM, the Hitachi FB-2100 focused ion beam (FIB), the Hitachi HF-3300v STEHM, the Fischione 1010 Ion Mill or Fischione 1020, the user agrees to acknowledge the Advanced Microscopy Facility in all his/her publications.

This agreement commits the user to sending to the Advanced Microscopy Facility a copy or a reference to all work disseminated to the public or for teaching purposes resulting from the use of these facilities. This information is very important for the AMF to justify its existence and to obtain fundings for improving our capability and to better help users conduct their research.

I,

(print name) _____ (signature) _____ (date) _____

agree to provide to or inform the Advanced Microscopy Facility staff of all publications produced from the use of these facilities, such as journal articles, conference proceedings, reports, non-peer reviewed papers, textbooks or textbook chapters, posters or poster presentations, master thesis, PhD thesis, oral presentations, etc., where I have made use of the facility infrastructure in any way.

Please send a hard or soft copy or reference that is representative of your work to the AMF management at stehm@uvic.ca.
