

HOW CAN COMMUNITY PARTNERSHIPS HELP?

SUPPORT RESEARCH PLAN DEVELOPMENT

Work with you to:

- Define research scope
- Identify project goals

IDENTIFY EXPERTS

- Suggest potential partners (researchers or organizations) with similar research interests
- Initiate contact with potential partners
- Coordinate calls for research collaborators with university faculty members and students

PROVIDE INFORMATION

- Suggest funding and grant opportunities
- Help clarify and navigate regulatory environments
- Help you develop research agreements, e.g. terms of reference
- Work with you to explore ways to communicate your project results

FACILITATE COMMUNICATION

- Arrange meetings with potential partners
- Meetings can help you assess if a potential partner is a good fit
