

PWLLE-involved groups in Canada

(Provincial/Territorial)

The Canadian Institute for Substance Use Research (CISUR) conducted an environmental scan in 2023 to identify groups and organizations in Canadian provinces and territories who involve people with lived and living experience (PWLLE) in their work.

Groups and organizations included in this resource:

- have information publicly available;
- are located and operating within a Canadian Province, Territory, On-reserve, or on unceded territories
- involve PWLLE in some significant way, ranging from general membership to leadership; and
- may be interested in alcohol policy and/or work with people who use alcohol and other drugs.

The list was compiled using publicly available information found through an online search. It includes groups and organizations who do not directly focus their work on alcohol but whose clients/service users may use alcohol in addition to other substances.

◆ This symbol indicates that the group or organization confirmed their **contact details correct** in 2023-2024.

This resource intends to capture the scope and diversity of PWLLE-involved groups and organizations across Canada and may help facilitate connections between organizations.

Boyle Street Community Services ♦	Edmonton		The mission of Boyle Street Community Services is to end chronic homelessness. Boyle Street Community Services has been working in the inner city of Edmonton since 1971 to serve, support, and empower people to take control of their lives and escape the cycle of poverty and homelessness. The 40+ programs across 17+ locations that we operate throughout the city work individually and together toward developing holistic resiliency. Services include a collaboration of social service agencies to offer programs and services in Northeast Edmonton, Community-based mental health services for vulnerable youth and their families, Social enterprises designed to provide low-barrier work. Includes Four Directions Financial, Safe and supportive group living programs for youth involved with Children's Services	Neighbourhood/Community	development@boylestreet.org	www.boylestreet.org
Calgary Fetal Alcohol Network	Calgary and surrounding areas	Advocacy group	One of 12 FASD Service Networks in the province of Alberta, CFAN works with members, community stakeholders and partner agencies to cultivate a deeper understanding of FASD, its causes, symptoms and wider impacts. Through our work, we support over 1,000 individuals with FASD and their caregivers each year. In Calgary and area, we oversee three key service areas: prevention, assessment and diagnosis, and direct supports for individuals and families. In addition, we provide FASD training and education and support to those affected by FASD. In partnership with the Foothills Fetal Alcohol Society, we offer ConnectFASD, a full spectrum support program across a lifespan. The program includes FASD services and supports, community events, helpline and information sharing hub	Regional	info@mycfan.ca	www.mycfan.ca

Recovery College Lethbridge	Lethbridge	Education	At Recovery College, our educational-based approach focuses on helping people recognize and develop their own resourcefulness and awareness in order to support themselves or their loved one's recovery journey. All of our courses are developed and delivered in partnership with our peer supporters who are experts by experience: they have their own story of a mental health or substance concern, or are supporting a loved one. Everyone is welcome to attend our free courses and drop-in classes. No previous experience is required and with 6 courses to choose from, there is a course for everyone. Our Recovery College courses are interactive and create positive learning experiences, emphasizing connection, hope and belonging. An emphasis is placed on individual's talents and strengths. Our courses inspire optimism, encourage students to consider future opportunities, and more people towards personal empowerment. Recovery is a journey, not a destination.	Neighbourhood/Community	admin@cmhalethbridge.ca	www.recoverycollegelethbridge.ca
Recovery On Campus (ROC) ♦	Calgary	Peer organization	Funded by the Government of Alberta, we serve our members through peer support, social activities, awards, research, and education across 26 post-secondary institutions in Alberta. In partnership with Alberta post-secondaries, we co-create, champion, and sustain recovery programs that support and celebrate all recovery pathways for campus communities.	Provincial	coordinator@recoveryoncampusalberta.ca	www.recoveryoncampusalberta.ca
River House Program MAP ♦	Lethbridge	Public health / health services	River House is a PSH Project that provides a home and wraparound supports for chronically homeless, functionally geriatric males who are struggling with chronic addictions, mental health, and/or physical health issues. In addition to the above mentioned criteria, many of the current residents have developmental disabilities and/or FASD. Admission to the program is driven by an inter-agency placement committee who score and offer available placements to the most complex and vulnerable individual referred. The River House offers a managed alcohol program (MAP) as one of its key Harm Reduction strategies. The River House is licensed under the Province of Alberta's Supportive Living Accommodations Licensing Act and follows the principles of Housing First. Spectre de rue also works to raise awareness, educate and mobilize its community and the people it serves. To do this, we welcome people in the state in which they present themselves, in such a way as to respect their pace and promote the formation of a bond of trust. Through follow-up, interventions and support, we aim to empower people so that they are equipped to meet their needs and adopt healthy, safe and responsible behaviors. Area 91 - SKAA		Peer organization	Alcoholics Anonymous® is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism. The only requirement for membership is a desire to stop drinking. There are no dues or fees for AA membership; we are self-supporting through our own contributions. AA is not allied with any sect, denomination, politics, organization or institution; does not wish to engage in any controversy, neither endorses nor opposes any causes. Our primary purpose is to stay sober and help other alcoholics to achieve sobriety.	Provincial	Contact form on website	www.aasask.org
Centre For ADHD Awareness, Canada (CADDAC)	Canada-wide	Not-for-profit Society	CADDAC is a national charity providing leadership in awareness, education, and advocacy for ADHD across Canada. CADDAC is committed to increasing the understanding of ADHD. Through generous donations, CADDAC's programs support parents and individuals affected by ADHD. Key programs and initiatives include CADDAC's Executive Functioning program, ADHD & Substance Use Disorder Support group, resource navigator program, educational events, awareness initiatives and advocacy initiatives. FASD Network of Saskatchewan	Offices in Saskatoon and Regina	Advocacy group	In Saskatchewan, a group of dedicated parents came together to form the FASD Network (the Network) in response to the lack of services available for families impacted by FASD. Now, over 20 years later, the Network is a community-based, provincial organization with offices in Saskatoon and Regina. The organization continues to work towards the mission laid out by its founders "to enhance the lives of individuals and families living with FASD". Through support, training, and events the Network provides services to individuals and families living with FASD and provides education across the province. Metis Addictions Council of Saskatchewan (MACSI)	Saskatoon, Regina and Prince Albert	Public health / health services	Métis Addictions Council of Saskatchewan Inc. (MACSI) is a provincial community based addictions agency with locations in three cities across the province, Saskatoon, Regina and Prince Albert. We welcome Métis, First Nations and Non Aboriginal people who are seeking support to live safer, healthier lives free of the harmful effects of addictions. MACSI's programs and services are unique. They are informed by a broad spectrum of influences. This includes knowledge of our Métis heritage, traditional Aboriginal teachings, the 12 step recovery model, Saskatchewan's Clinical Principles for Alcohol and Drug Misuse Services in Saskatchewan, up-to-date research and emerging trends in the field of addictions.
