

## Global Fellowship Program

### Visiting Researcher Fellowship Application 2027/2028

The Centre for Global Studies is pleased to offer visiting researchers fellowship opportunities. The CFGS invites applications from scholars in Canada or abroad for visiting fellowship appointments at the centre **July 2027 through June 2028 arrival**.

The CFGS's Global Fellowship Program provides opportunities to graduate students, postdoctoral fellows, mentors and visiting scholars. There are three types of "fellowships": "CFGS Fellows" (graduate students and postdoctoral fellows), "Global Mentors" and "Visiting Fellows." Recipients may be awarded a stipend and are provided with a title, a shared office, an opportunity to provide a public lecture based on their research, opportunities to incubate new projects and to work with projects housed in the CFGS, and regular opportunities to meet other students, professors, mentors and visiting scholars interested in related issues.

**Topics:** The CFGS promotes critical citizenship in a complex and rapidly changing global environment including the advancement and understanding of major global issues by civil society, the private sector, governments and international institutions. Students are invited to apply who are engaged in similar topics of a global dimension. These topics may include, but are not limited to: global governance, international environmental challenges, ecological and social justice issues, and culture and identity. Applications from all disciplinary backgrounds are welcome.

**New "themes" this year:** While applications from potential CFGS "Fellows" are open to any theme related to CFGS's four key pillars, preference will be given for applications for the 2027/2028 cohort themes:

- 1) Global Climate Change Governance;
- 2) Structures of Global Inequalities; and
- 3) The Legacies of Authoritarianism.

In your application, please note how your research fits into these themes. We especially encourage perspectives from the Global South.

**Value:** Office space centrally located on the scenic University of Victoria campus; a congenial, retreat-like setting; university privileges; enhanced opportunities for research networking and exchange; participation in the centre's wide range of scholarly and social activities. Successful applicants must secure their own research funding to cover other costs associated with visa applications, health insurance and accommodations.

**New for "Visiting Fellows" this year:** Visiting Fellows may receive up to the following support toward their travel and accommodation costs while visiting CFGS: global north scholars (\$2,000) and global south (\$4,000). The intention of this financial award is to build new partnerships and bring new scholars to the CFGS from abroad. Past Visiting Scholars are more than welcome to return to CFGS though without financial supports (unless funds are available).
